Karachi Pakistan

Professional Profile

I am a highly skilled Full Stack Developer with over three years of hands-on experience, specializing in both front-end and back-end technologies. I excel in delivering high-quality web applications using technologies such as HTML, CSS, JavaScript, PHP and React. I have deep expertise in WordPress, Shopify, and CMS platforms, creating dynamic, responsive designs tailored for e-commerce and SEO optimization. With proficiency in Git for version control and experience managing MySQL and MongoDB databases, I thrive in fast-paced, collaborative environments. I'm also skilled at integrating third-party services like Google Reviews, as well as enhancing UX/UI using Divi, Elementor, and custom WordPress themes. My background includes a strong focus on SEO, project management, and team leadership, ensuring that projects are completed efficiently and to the highest standards.
